

Christof Ulbrich

SENIOR PRODUCT DESIGNER

+61 423 386 088 · christof.ulbrich@gmail.com · christof-ulbrich.lovable.app

I'm a Senior Product Designer with 20+ years across SaaS, fintech, and agtech – from advertising art direction to product leadership. I'm at my best leading design at the intersection of complex problems and real users, and I'm looking for work where design has a genuine seat at the table.

Skills

- ◆ Product design / Product thinking
- ◆ Design systems & component libraries
- ◆ Data-informed design
- ◆ Agile / Shape Up workflow
- ◆ Stakeholder communication & presentation
- ◆ Visual & interaction design
- ◆ User research / Usability testing
- ◆ Workshop facilitation & design sprints
- ◆ Applied AI tooling (Figma AI, generative prototyping)
- ◆ Figma, Adobe Creative Cloud, Claude, Lovable

Experience

Senior Product Designer

Jan 2023 – Jun 2026

AgriWebb

Agricultural SaaS, Sydney

- ◆ Initiated and led 44 internal interviews over two months, surfacing a systemic finding – users exposed to back-end logic rather than intuitive workflows – that directly shaped the CPO's strategic focus on closing value loops
- ◆ Led end-to-end product design across web and mobile (iOS/Android), translating genuinely novel farming workflows – including features like Grazing planning and pasture rotation mapping – into intuitive experiences for a global user base
- ◆ Facilitated compressed design sprints and cross-functional workshops across a hybrid team, accelerating ideation from whiteboard sketch to working prototype within tight 6-week Shape Up cycles
- ◆ Evolved AgriWebb's bespoke design system (Figma/Storybook), serving 3 designers and 21 engineers across web and mobile
- ◆ Conducted continuous user research with farmers and farm managers across Australia, US, UK and Brazil – synthesising interviews and feedback in Productboard, and using Mixpanel and Datadog to inform data-driven design decisions
- ◆ Contributed to AgriWebb's academic partnership with UTS on Project Forecaster, bridging research and product teams through documentation and presentations
- ◆ Mentored junior designers and championed accessibility and user-centred design practices across the business
- ◆ Part of a team that grew NPS steadily to 58 over three years – considered very good for B2B SaaS

Experience (continued)

Visual Design Lead (Creative Lab)

2019–2022

ANZ's Innovation & Venture Lab

Melbourne/Sydney. Dissolved 2026

- ◆ Delivered rapid design ideation and brand development for startups and entrepreneurs through the 1835i accelerator
- ◆ Established brand guidelines and foundational design systems across the 1835i portfolio
- ◆ Led design for DataCo and Propps through to successful spin-out, and established the 1835i brand identity

Senior Visual Designer

2012–2019

Commonwealth Bank (CBA)

Australian multinational bank / Retail Banking & Digital Experience, Sydney

- ◆ Designed UI for native mobile, tablet, and responsive web across CommBank's flagship digital banking products
- ◆ Contributed to CBA's digital design language (pictograms, storytelling); initiated shared UI asset library 'Honeycomb'
- ◆ Built and led video & photography capability; produced 50+ internal videos and facilitated filmmaking workshops
- ◆ Key outcomes: Canstar 2019 Mobile Bank of the Year (4th consecutive year) · Online Bank of the Year (10th consecutive year) · Forrester #1 banking app in Australia, #3 globally · CEO Team Award for Benefits Finder · Good Design Award · Canstar Innovation Excellence Award 2020

Digital Art Director

2009–2012

Lavender, Sydney

Independent Advertising Agency, Sydney

- ◆ Developed digital concepts across web, kiosk, mobile, apps and social for Westpac, IKEA, American Express, Microsoft, and Jacob's Creek
- ◆ B&T Interactive Agency of the Year 2012 · Multiple ADMA, AIMIA, MIDAS & Caples awards · New York Festivals 2014 Finalist
